

Jamie and Stevie

Jamie and Stevie were on vacation having a picnic in a field.

As they were eating their veggies there was a loud shriek. This got the attention of Jamie and Stevie, so they tried to see if they could help.

They drove in their car in the direction of the piercing shriek.

A girl was on the ground in the field and was relieved to see Jamie and Stevie.

She told them that her name was Hallie and that she had tried to run in the field, but her sneaker came untied and fell on the ground.

Jamie and Stevie retrieved a Band-Aid and applied it to her leg. Hallie was satisfied and replied with a smile, "Thank you so much!" Jamie and Stevie were so happy to save her more pain and grief.

Games: Word sort and BINGO

Game 1: Word sort

Sort the word cards into two piles: those where the ie sounds like long "I" (those where it is the past tense of a word ending in -ie or -y: untied, tried and satisfied) and those where the ie sounds like long "e" (all the rest).

Game 2: BINGO: Preparation: 1. Laminate (optional) and cut out word cards, shuffle and put them in a pile facing downwards. 2. Give a bingo board to both players.

How to play:

- 1) The student picks a card from the face down pile, reads it out loud.
- 2) The student and the tutor take turns picking and reading game cards and marking
- 3) The first player to score a row of three in any direction wins.
