

The Special Medical Case

Hi! I'm tired of just reading **National Geographic** all day. Why are you here, at the **hospital**?

My sister broke her leg. I came **especially** to be with her. And you? Wow, you're a little swollen. What happened?

Oh, I'm very sensitive.

I'm sorry!! I didn't mean to hurt you!

Sure!!

It's OK!! It's not about being **emotional**. It's a long story. Do you want to hear it?

I'm a **professional** allergic. In a **normal** spring I usually visit the **hospital** several times a week.

What is it now?

This time it's just a small **animal** that stung me.

Wow!! It's so.... **Special**!!

You mean **unusual**...

You mean- a rare and weird **medical** case...

Mmmm... Yes maybe...
