Past Tense Bingo

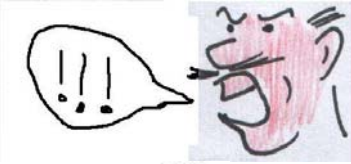

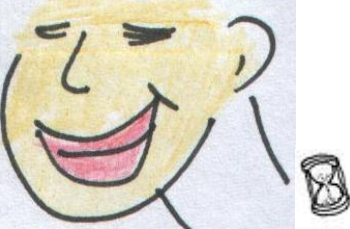

Preparation: Cut out the two boards and the word slips. Keep word slips in a bag.

Play: Each player gets a board and tokens to mark the called words. The learner draws word slips from a bag and reads them out loud. Cover the correct picture with the token. The first one to get three in a row in any direction wins.

Optional: laminate the boards, and mark the words with erasable markers.

Note: Most of the verbs in this -ed lesson are regular past simple verbs; there are two irregular verbs (drove and swam). If you want to practice matching present simple verbs to past simple verbs, use the second set of word slips.
