

Kittens and a Rabbit at Tennis

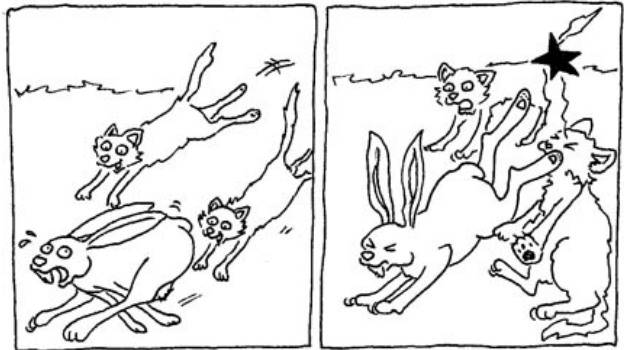

The kids pick tennis rackets.

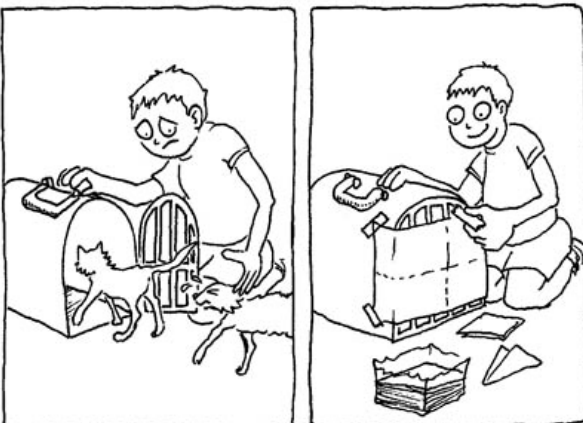

Ned packs Can-Can's kittens in a basket. Dan packs napkins and a snack.

A rabbit ran past the tennis rackets.

The kittens attack the rabbit!
The rabbit kicks a kitten in the eye!

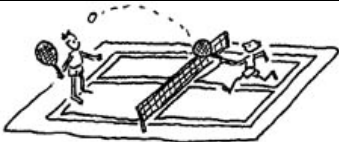

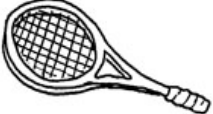

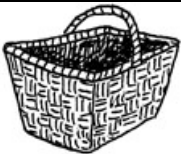

The kids kept the kittens in the basket. A napkin hid the kittens.

The kids skip tennis.
They sat and had their snack.

VC/CV Dominoes

Preparation: Glue the following dominoes onto foam board, corrugated plastic board or other three-dimensional material that can be cut into pieces that are fun to handle (could even be cardboard) and cut out dominoes on the dotted lines only. (DO NOT CUT on the solid lines.) Color if you like, uniformly for all instances of a word.

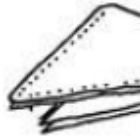

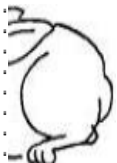

Play: Mix the dominoes; each player chooses seven. The first player puts one down and the other player has to put down a matching domino to complete one of the words. (To match, find the other half of the vc/cv word. Read words aloud.) If you don't have a match, choose another from the "pot" until you have a match to put down. (Facilitate finding a match by leaving them face-up in the "pot.") Turn corners when you run out of table space. The first person to use up her dominoes wins.
