

### The Three Mice Dancers

Once upon a time,  
three mice wanted to dance.

They danced on ice. They only had  
a small dance space.

But the three mice fell on their  
faces.

The mice needed a better place to  
dance, a place with space, a place  
that wasn't ice!

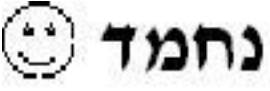

The mice came to an office.

The mice danced in the office.  
The mice were nice dancers!
