

Mike's Bike Cracks

Mike has a red bike.
Ned has Nikes. He can hike.

Mike rides his bike and Ned hikes
beside the pines.

Then Ned rides the bike and Mike
hikes. Ned can't ride the bike!

The bike hits a stick. Crack!
They can't ride it.

Ken has the bike in a bike rack.

Mike isn't mad and he didn't panic.
Ned's dad Ken can mend the bike.

Board Game: Long or short i ?

Preparation: Glue board and cards onto stiff stock, cut out cards. Write (ĭ) or (ī) on the back of each card as appropriate.

Play: Each player places her soldier anywhere on the board. The player whose turn it is rolls the dice and advances clockwise that number of circles. If she lands on a number, she finds the card on the square of that number and reads the word, and has to state whether the "i" is long or short (self-check answer on the back). If the answer is correct, the player keeps the card. Colored circles are "jokers" - pick the card you want to read. Blank circles or card already picked up - do nothing. Play until there are no more cards on the board. Whoever has the most cards, wins.

Note: You can reuse the board for other lessons - just make new question cards.

(Thanks for game idea to Beit Berl Curriculum Center.)
