Spinner game:

Materials needed:

Cardboard - use a cornflakes box

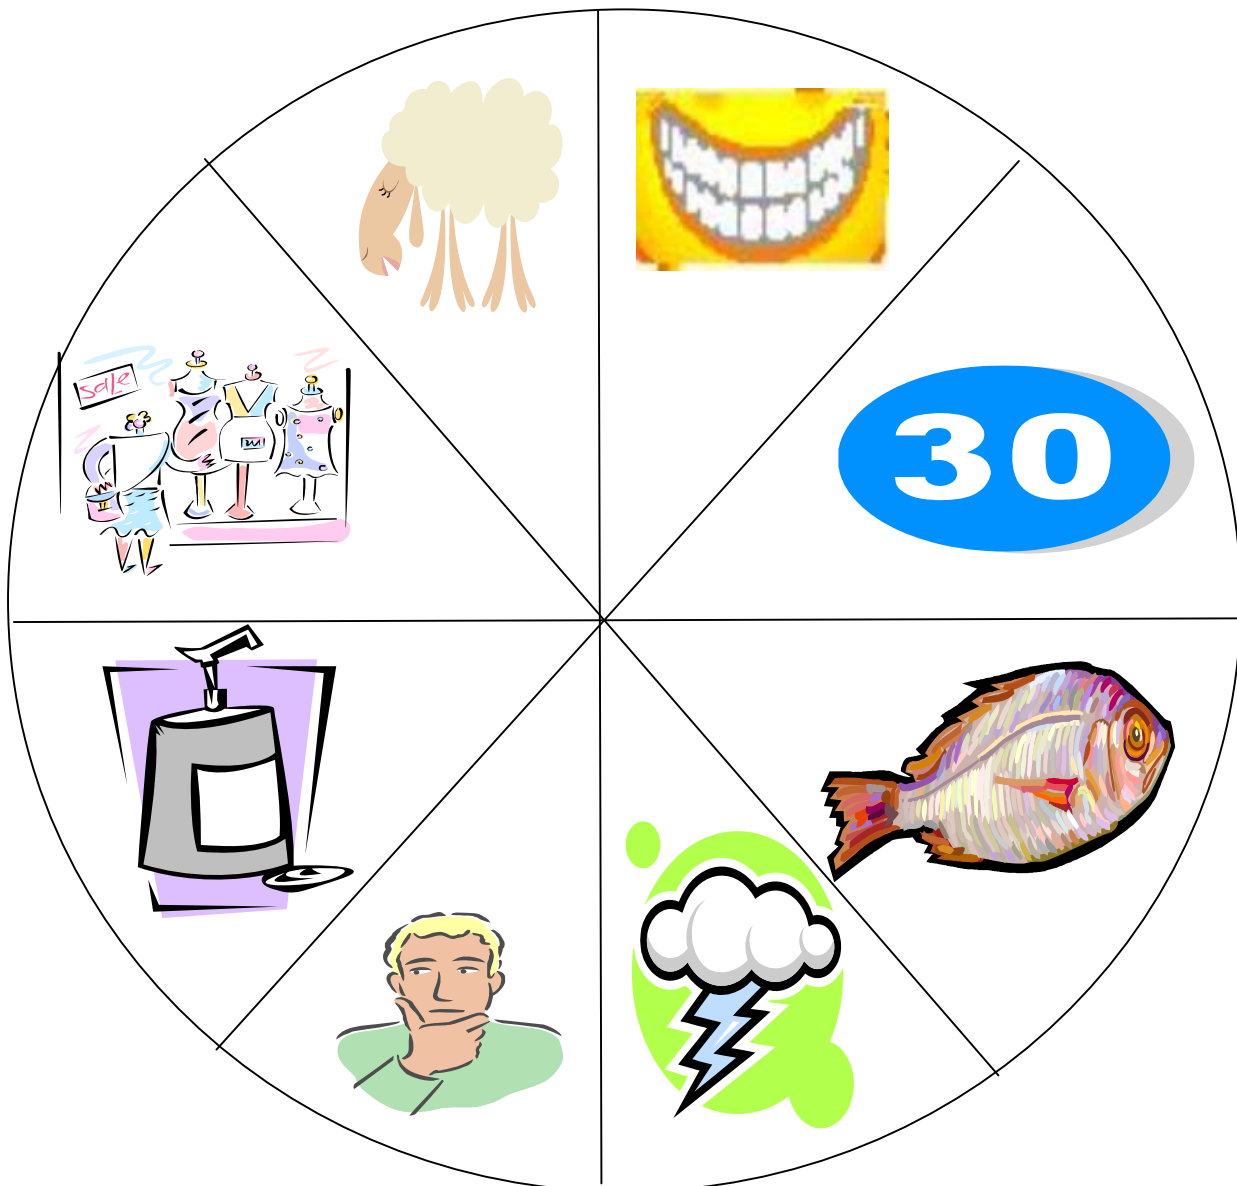

A double split pin

A cardboard arrow to spin

Paste the circle with the pictures onto the same sized cardboard. Attach the arrow loosely to enable spinning.

Rules of the game: Number of players- 1+

Each player spins the arrow and has to say the word according to where the arrow falls. If the arrow falls in between two pictures he has to say both of the words (different rules for different games.) If he doesn't remember the word, he can read it off the word list. Use a point system for this game. One point if the player reads the word correctly, two points if he remembers the word correctly without reading it. Whoever has the most points at the end of the time limit wins.
