

Goldilocks is Bold

Goldilocks is bold. She walks right in. She finds three cups of coffee on the table.

The first cup is too strong. The second is old. It has grown cold. She tries the third.

Goldilocks says: "This coffee is mild. It was made for a child." She drinks most of the coffee.

Suddenly, there is a big jolt! Goldilocks wants to bolt. The three bears have come home.

"Don't worry," says Mama Bear, "we are not wild bears. We don't mind that you drank almost all of our coffee."

The bears are very kind and are wonderful hosts. Goldilocks folds her napkin and sits with them for tea.

Reviot Game

or Happy Families / Go Fish

Preparation: Cut up and glue cards onto stiff paper cards, lamination optional.

Play: There are 4 families of four cards each. The goal is to get all four cards of as many families as possible. Deal two cards per player and put the rest face down on the table. Players in turn ask, "Do you have _____ (one of the words) from the _____ family? The other player checks their hand, and either says "Yes, I do" and hands over the card or says, "No, Go Fish" and the player takes the top card from the pile. If a player gets what they ask for, they get another turn.
