

## The Twins' Wigs

Wendy and her twin Wanda are women.

Wendy and Wanda went to a wedding in Warsaw, Poland.

They wore blond wigs. They were cute.

But it was windy so their wigs fell off.

The wigs fell into the lake and got wet. No swimming, so the wigs just had to be in the lake. The two women were sad and upset.

They went back home upset for the lost wigs, and had a glass of red wine.
