

### Sara and the Kids Bake Cakes

Sara made many pancakes in her pan.  
She fills many plates.

The kids came and ate all the  
pancakes!

The pancake plates are empty.  
There aren't any pancakes left!  
Sara said, "Let's bake cakes!"

The kids all help.  
They bake many cakes.

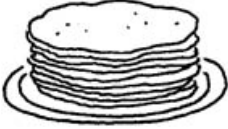

All the family and friends came and ate  
cake. They ate all the cakes. The cake  
plates are empty.

They kiss Sara and the kids.  
They made the best cakes!

Short and Long Vowel Ladders

Preparation: Cut out and assemble the "dice" - each side has a vowel sound. Copy the vowel ladder board, glue the two boards onto colored paper and cut out. Place a colored button at the bottom of each ladder.

Play: Player rolls the dice and says the sound of the vowel that appears. Move the soldier one word up the ladder of that sound and read the word. (If the learner can give its meaning, she gets another turn.) The first one to reach the top of a ladder wins.

Short and Long Vowel Dice (Vowels a, e, i): Cut out, fold on dotted lines, and glue outer side of flaps inside cube.

Think of other games to use this dice - example: roll it and say a word that contains that vowel sound.
