

Four-in-a-Row Reading Game by: Billy Reid Derry Reading Centre Northern Ireland

Four-in-A-Row Reading Game

Four in a Row game for 2 players

You will need:

Attached board, with words filled in, preferably laminated.

One die

Colored counters for each player, approximately 20

Preparation:

Choose 36 words to practice in the game and type them into the table cells of the board. You could choose 6 categories of 6 words each, so that the groupings have significance, or any words from the Hickey list up to and including the lesson when you will be playing the game.

How to Play:

1. Roll the die.
2. Read a word with the same number as the die.
3. Place one colored counter on the word if read (and translated?) correctly.
4. The winner is the first one to have 4 in a row either vertically, horizontally or diagonally.
