

The Twinkle of a Purple Star

Sam loves stars and the color purple.
One day Sam and his Uncle Tom
go to the desert.

It is dark there.
They can see many stars.
Sam stands in the middle of the desert.
Sam wants to find a purple star.

Sam sees a twinkle in the sky and smiles.
He is very happy as the twinkle is a purple
star.

Sam tells his uncle to look at the
purple star.
Uncle Tom is also very happy as he has
never seen a purple star before.

Sam then sees a double and triple purple
star and smiles even more.

Sam and his Uncle Tom stand in the
middle of the desert for the rest of
the evening looking for more double
and triple purple stars.
