

Think of Three Things

Ned, Mike, and Franny think it's a good day to go to the zoo. They take a picnic basket with them.

At the zoo, the kids see lots of animals. "Look at these rabbits!" They pet them.

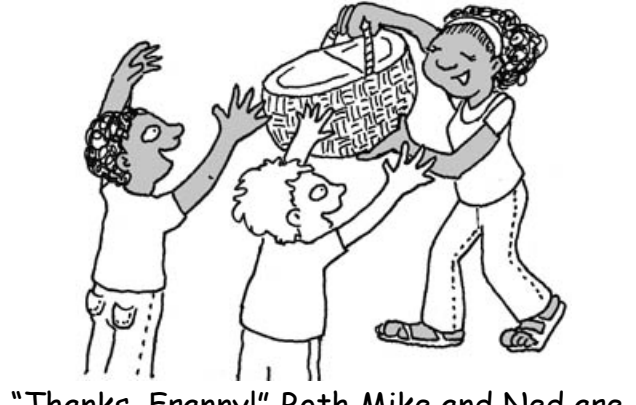

Franny said, "There are three things in the basket. These three things are good. You'll like them. They are..."

But just then...a pony stole their basket! "Help, help! A pony took the basket!" yells Ned. "Get that pony!"

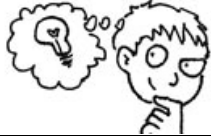

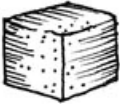

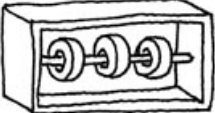

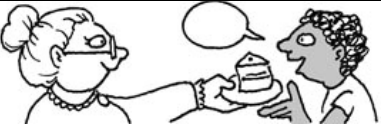

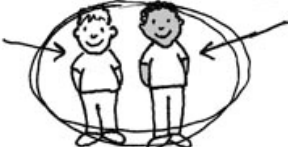

Franny ran. She got the basket. "Silly pony, this basket with these three things inside is not for you!"

"Thanks, Franny!" Both Mike and Ned are glad she got their basket back from the pony.

What three good things do you think are in the basket?

Game

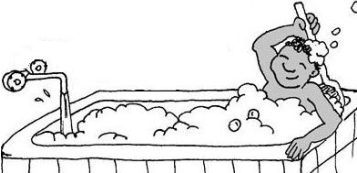

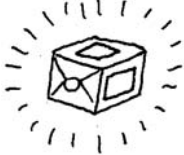

Game: Happy Families (Go Fish)

Preparation: Cut out and glue the cards onto heavy paper, lamination optional.

To play: Shuffle the cards. Deal each player four cards and put the remaining pile of cards face down in the middle. Players try to assemble families of four cards by asking the other player(s) for the card they want by name (example: "Do you have "hen" from the H family?") If the player gets what s/he requested, she gets another turn. If not, the other player says, "No, Go Fish" and the first player draws a card from the pile. Lay down each family of four cards as it is assembled; the learner should read the 4 words and state their meanings. Play until all the cards are laid out in families. The player with the most families wins. (Try to let the learner outsmart you.)
