

At the Shore

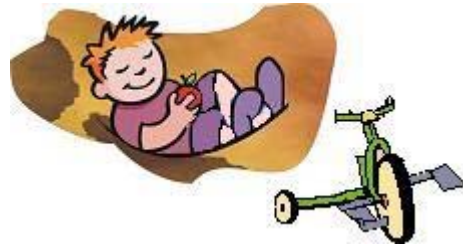

Benny has a sore.
He is alone and it is a bore.

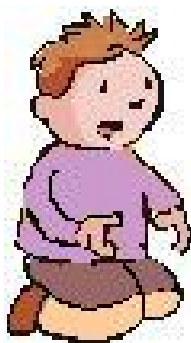

He has a plan.
He takes his bike and goes to the shore.

He passes some stores, more and more
stores. It's far to the shore.

Benny rests on a rock. His bike is beside
the rock. He snores, snores, snores.

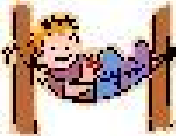

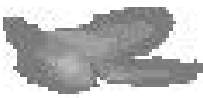

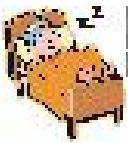

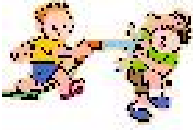

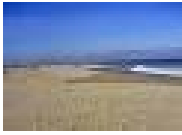

He sits. No more bike! No more bike!
He is helpless.

Finally, his friend Barry restores his
bike.
